

WAIHOPAI Catchment Group

VISION

Waihopai community – working together
to look after our waterways

MISSION

Educate and work as a community
to drive practical solutions to
improve our waterways for future
generations

VALUES

Friendly & approachable
Work together as a community
Integrity & respect
Celebrate our success
as a community

GOALS

Continue to monitor the waterways, and spread Good Management
Practices to improve the health of our waterways and what lives in them

Educate the community in waterway health for generations to come

Share good stories of what is happening in our catchment to
enhance pride in our community
