

Beyond Regulation

Finding the right pathway forward for you and your business.

This is a must go-to event, brought to you by Three Rivers Catchment Group, Land and Water Science, Thriving Southland and DairyNZ.

Over three hours, you'll get insights into reducing nutrient loss and lowering your GHG footprint, all while maintaining your business resilience.

The recent research we'll be sharing explores a Highly Efficient System using available landscape science and known farm systems to provide you viable options.

You'll hear from

Steven Clarke, Farm owner

Clint Rissmann, Land and Water Science

Dawn Dalley, DairyNZ

Miranda Hunter, Roslin Consulting
