Thriving Southland Catchment Coordinator

Join a dynamic team driving change across Southland's catchments

Thriving Southland is a farmer-led initiative dedicated to supporting Catchment Groups across Southland. With a strong focus on collaboration, innovation and sustainability, we empower local farmers to drive change and enhance the region's agricultural future. As we continue to grow and expand our impact, we're excited to offer a unique opportunity to become part of our passionate team.

Full-Time Catchment Coordinator – Eastern Southland

We're looking for a driven team player to join us as a Catchment Coordinator. The successful candidate will work directly with local Catchment Groups to plan, deliver, and drive impactful solutions for the future of Southland's agriculture and environment. This role offers the opportunity to work alongside local farmers and communities to create meaningful change while being part of a collaborative and supportive team.

Responsibilities:

- » Work closely with Catchment Groups to understand their needs and goals, supporting the development of science-based, sustainable solutions.
- » Collaborate with other team members and stakeholders to ensure effective delivery and progress on key projects.
- » Build and maintain strong relationships with landowners, farmers and rural communities, advocating for their needs within the wider project team.
- » Promote Māori participation at a local level, ensuring an inclusive approach to project development.
- » Ensure projects stay on track by managing documentation and meeting key milestones.

Skills & Experience:

- » Excellent communication skills with the ability to build strong relationships and facilitate collaboration.
- » Proven ability to engage, empower, and support local communities.
- » Strong organisational skills, with the ability to manage multiple projects and build professional networks.
- » Knowledge of farming systems, agronomy, and biological sciences is highly desirable.
- » Understanding of Te Tiriti o Waitangi and Tikanga Māori.
- » Experience with farm planning, GIS systems, or graphic design tools would be advantageous.

Why Join Thriving Southland?

- » Be part of a positive, collaborative team culture.
- » Make a tangible impact on the future of farming and the environment in Southland.
- » Work with like-minded people who share a passion for community and innovation.
- » Gain exposure to diverse projects and networking opportunities across the primary sector.

If you're passionate about farming, community engagement, and driving environmental change, we'd love to hear from you!
