Sometimes it's hard to know where to start.
It can be challenging to access face-to-face services
in rural communities.

Our ConnectHER can guide you to get support with
women's health, education, finances, family harm, and
child or youth issues.

- Call, or email ConnectHER anytime. We'll listen to understand what's going on.
- We'll connect you with the best services to help you get the support you need.
- If you know a woman in rural New Zealand who may need support, encourage her to give us a call.

ConnectHER is a free service from Rural Women New Zealand, funded by the Ministry for Primary Industries.
